Alexa, open
Radio Old Time

In the spirit of old-time radio, every episode in Radio Old Time is broadcasted live in its entirety and cannot be paused, skipped, or resumed. It plays dead air for nonexistent episodes just like a real old-time radio station in the golden age of radio.

How to Start:

Say, "Alexa, open Radio Old Time"

Alexa will ask you for the program and episode to play. For example, "Radio Mystery Theater Episode 1" or "Radio Mystery Theater Episode 1532".

To stop playing say, "Alexa, stop".
