

ORDER SKILL

Orders Services from Alexa

With the Speak2 Orders skill, you can use your voice or touchscreen to get services from your community. It's easy to use and puts a personal kiosk in your apartment,

Just say: "Alexa, Order Service"

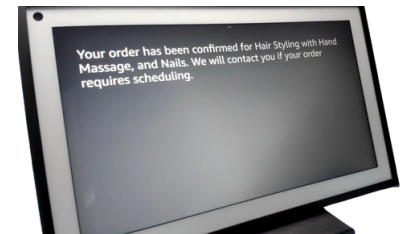

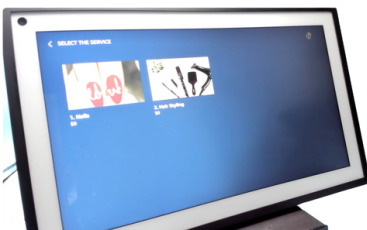

Alexa will prompt you through the order process.

1. Select the department

2. Select the service

3. Select any add-ons

4. Confirm the order

Your order is sent to the department and they will schedule your item and contact you.
