

# DINING ORDER

**Step 1:** Say, **"Alexa, order food"**

**Step 2:** Alexa will say **"Please select your restaurant by tapping your choice, or you can say the number associated with the restaurant."** Tap or say your choice.

**Step 3:** Alexa will say **"Please select today or tomorrow by tapping the screen or saying which day."** Tap or say your day.

**Step 4:** Alexa will say **"Please select your menu item by tapping the screen or saying the number associated."** Choose your item.

**Step 5:** Alexa will say **"Please choose your add-on items and click submit, or skip this step."** Choose any add-on items and click submit, or you can skip this step by tapping skip or saying "Alexa, skip."

**Step 6:** Alexa will say **"Please select where you would like your meal provided by tapping the choice or saying which method is best."** Make your selection.

**Step 7:** Alexa will say **"Please confirm your order by saying yes or no."** Make your selection.

Staff is aware of your order. They will reach out if they have any questions, otherwise they will have your meal ready according to your selections.

Alexa, order food.

*"Please choose which restaurant..."*
